The thoroughly revised Tenth Edition is a first of its kind, revised using “HeatMap” technology in which systematic and precise feedback from thousands of students was anonymously measured using LearnSmart, the adaptive learning diagnostic.

Essentials of Understanding Psychology 10th Edition

The text's unique approach moves seamlessly between theory and application, helping students understand concepts by examining their own learning and then showing them how to apply these concepts as teachers. The 10th Edition reflects the most current research on learning, development, motivation, and assessment. It features extensive and integrated coverage of diversity, technology, contexts of learning, and neuropsychology.
