For example, think about how much time it would take to write an article titled "Contacts." You wouldn't know where to start. So you create an outline of all the "Contacts" topics you can think of, take screenshots of the Contacts object, explain all of the menu options, and write a history of the Contacts object - all useless to an end user who just wants to know how to create a partner contact in Salesforce.

~~10 Examples of Great End User Documentation~~

A user guide can be very brief—for example, only 10 or 20 pages or it can be a full-length book of 200 pages or more. While this definition assumes computers, a user guide can provide operating instructions on practically anything—lawnmowers, microwave ovens, dishwashers, and so on. The more complex the product, the greater the page count.
